

Candidates' Mirror.

MR. DAVID ROSS.

The subject of this sketch is the Democratic nominee for re-election to the office of jailer of Garrard county, which position he has acceptably held for two terms. He was born Jan. 19, 1818 and has been, in many respects a remarkable man. His patriotism was manifested in early life, when, at the age of 15, he enlisted in the Federal army, under the command of Col. Frank Wolford, whose cavalry is handed down by history as a fearless and effective body of men, whose frequent engagements shed a halo of glory about them.

He was in the engagement at Philadelphia, Tennessee; in the Knoxville Siege in the Fall of 1863; on the Stoneman raid from Atlanta to Andersonville; at the surrender at Hillsboro, Georgia, but cut his way out, with Col. Silas Adam's brigade, went back to Louisville and to Camp Nelson, where some were mustered out of service, but his company was detailed on the

that might be hurtful to the general welfare.

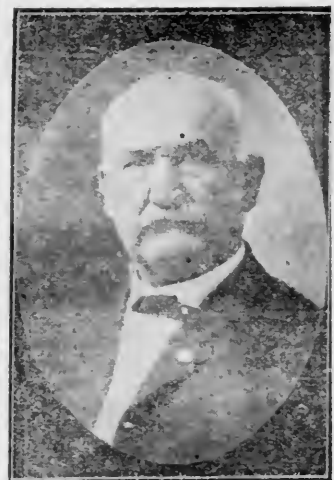

His superior judgment and intellectual attainments constitute the basis of sound and fixed convictions, to which he steadfastly adheres. He accords to every man the right to his opinion, and he is not envious or possessed of high prejudice. Honesty, industry and capability have been regarded as the true test for fitness for public service, and, when applied to him, he has not been found wanting. Many noble traits of character conspire to establish the fact that he is the right man in the right place.

He is in line with the party organization and has heretofore contributed his part to the campaign fund. This he is amply able to do, and he will do so again. The large vote which he received when last elected, evinces the high esteem in which he is held, and the fact that he has rendered excellent public service, makes it apparent that it is in keeping with a well established custom to endorse him by re-electing him, by such a vote as will show our appreciation of his labors. It is as certain as any future event that he will win, by a good majority over any entry that may appear in the race.

W. S. CARRIER. GEO. B. ALLEN.

The two popular and excellent gentlemen, who appear in this sketch are joint candidates for the office of Assessor for Garrard county, and are to partake equally of the emoluments of the office.

Mr. Allen is the Democratic nominee and his name will appear on the ballot, under the Democratic device. He was born, in Garrard county, September 24, 1878, is earnest in advocating the principles of his party, and he descended from a family that distinguished itself for its allegiance to those principles. He was reared on a farm, being engaged in handling live stock and such other pursuits as would give a clear conception and an accurate judgment in reference to the value of property—a necessary qualification for the office he seeks. The importance of that office is manifested by the fact that revenue, for defray-

ing the expenses of the county, depends largely on the labors and the competency of the assessor.

Mr. Carrier was born in Laurel county, on October 29, 1866, and although that county gives 1,000 republican majority, he is situated in the 11th District, where, democrats are largely in the minority, he has always been true to his party organization and campaign work generally. He has lived near Bryantsville, this county, for six years and his worth being appreciated, he was elected a member of the Democratic county committee two years ago. He is a successful farmer and business man, and knows the value of property, both personal and real. These gentlemen would make a true and accurate assessment of the property and the tax payers will never regret their election.

They are sober, capable and industrious. Having always been affiliated with the party organization they will make a formidable team in the campaign; and hailing from different sections of the county, each having a host of friends, it goes without saying that they will be easy winners, no matter who may enter the race against them.

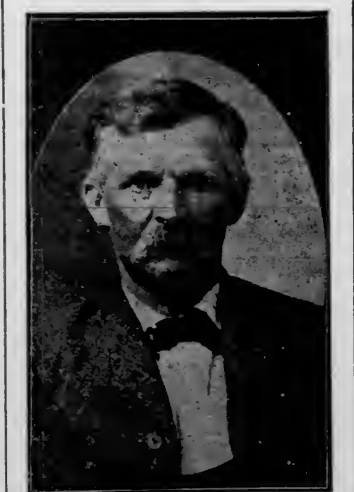

MR. JACK ADAMS.

Having lived in Paint Lick for more than 25 years, where every body is his friend and he is a friend to everybody.

the administrative department could not operate unless laws were first enacted defining the powers, assigning a limit to man's rights and restricting human action. The excellent gentleman, named above, who is the present able representative of Garrard county is the Democratic nominee for re-election to that office.

He was born January 7, 1869, graduated at Georgetown College, has been in active, trustworthy business man and is very popular. Being very intelligent, he is well acquainted with the wants and needs of his constituency, and he has guarded their interests, in the enactment of laws, with fidelity that is highly praiseworthy. His work, in the passage of his bill providing for the establishment of Graded Schools in common school district bordering on county lines, was well done and will be productive of much good in some sections. While in the legislature, he was chairman of the committee on Propositions and Grievances, and a member of each of the following committees: Agriculture, Military Affairs, Public Health, Louisiana Purchase Exposition, Game, Fish and Forestry, and Geological Survey. He was regular in attending the meetings of these committees, always advocating the policy most conducive to the public good and entering an earnest protest against any measure

the highly esteemed subject of this sketch is the Democratic nominee for Justice of the Peace in that Magistrate

rial District, No. 4. He was born in Rockcastle county, February 2nd, 1852. He has had farming interests, has dealt extensively in coal and grain, has been deputy sheriff, and acted in other places of public trust, discharging his duties faithfully.

He has a big heart and a strong mind having the purest and best traits of noble manhood, with a strong individuality. His popularity results from his social nature, and his high regard for his friends, to whom he is as true as the needle is to the pole. Although firm and steadfast in his opinion, he has no egotism, and he concedes to every man the right to his opinion. He is the very best kind of material for a Justice of the Peace. His extensive knowledge of the affairs of men, together with his experience in matters pertaining to public policy, makes him altogether competent to guard the interests of the public in regulating assessments on property and supervising public expenditures. Knowing what is right between man and man, he is eminently qualified to decide individual issues.

He is a zealous democrat and he has done much effective work in party organization, shedding terror and dismay in the ranks of the enemy. The people of that district could do no better than to elect this excellent gentleman to that important office, and it is believed that they will do so, if they consider their best and highest interests.

-Of Local Interest.-

Remember the K. P. Fair at Nicholasville, 30, 31 and Sept. 1.

R. T. Embury sold his cottage on Hill street to Mrs. Mary Swowe, for \$1,800.

Carlisle has contracted for water works to be fashioned after the plan of the plant of this city.

The Christian churches of the counties adjoining Lincoln will be in convention at Stanford, Sept. 8, 9.

The protracted meeting at Huobles is continuing with much interest. There has been a number of additions.

The protracted meeting at the Christian church will begin Sept. 25 and continue through the first week of October.

The Lake has plenty of fine water notwithstanding the fact that not one steady, lasting rain has fallen during the summer.

A little good whisky is a fine thing to have about the house in case of sickness. Telephone Trolley, at Gilberts Creek, and get prices on the best liquor made.

The 4th of the series of sermons being preached by Eld. F. M. Tindler, will be delivered at Christian church, next Sunday at 10:45, subject "The Model Young Woman."

Fox, the photographer, sends his expert to Lancaster every Friday, and the work is giving splendid satisfaction. If you want a fine picture of yourself or one of your family, take advantage of his coming every Friday. Satisfaction guaranteed.

The ladies of New Antioch church will give an ice cream and basket supper at residence of Mr. J. B. Bourne, Saturday evening, the 3rd of Sept. Cream and cake 10 cts. The girls are expected to bring baskets. A nice time and a good supper awaits you. All cordially invited.

Sells Big Farm.

Everhart Hundley, as clever and big hearted a gentleman as ever trod Kentucky soil, has sold his 600-acre farm, in Boyle, for \$80 per acre. Thos. Metcalf, of Lincoln, is the buyer. Mr. Hundley will probably locate in Lexington, where he will have a larger field for trading in fine horses.

Richmond in Luck.

One of the most fortunate cities on the map is Richmond. John Robinson's big circus, with 42 cars, will show there August 30, and Forepaugh and Sells Bros., with 47 cars, will be there Sept. 21st. We are going to both, if we have to cut a stick, take a dog and walk through.

Splendid Management.

Stanford Interior Journal:—The Crab Orchard Fair and Racing Association has declared a dividend of 30 per cent. which will be sent to the stockholders with a statement of the Association's financial condition in the next 10 days. This will make \$6.50 paid on the original shares of \$10.

Kind Words for "Uncle Mose."

Jessamine Journal:—Mose Collier, who was last week renominated by the Democratic committee for Coroner of Garrard county, is probably the oldest official in this section, if not in the whole State. He is eighty-three years of age and attends strictly to the duties of his office. He has voted for fifteen Democratic candidates for president, and is an enthusiastic supporter of Judge Parker.

Owing to the illness of our Mr. H. J. Black, his visit to your city has been delayed a little, but he will call on you in a short time. Hoping you will reserve your Fall order until you see his samples, I remain,

Yours truly, Walsh, The Taylor, Louisville, Ky.

Loyal Legion will meet Sunday at 3 p. m. at the Methodist church.

A foreign box car, in Capt. Pbil Price's train jumped the track at the Spainbower tunnel Tuesday, causing many hours work to clear the wreck. No one was hurt.

A Faithful Officer.

The Record has heard many compliments passed upon the faithful and earnest work being done in the Circuit Court by Commonwealth's Attorney Chas. Hardin, and we frequently hear it said that if all prosecutors were as severe, and at the same time as fair with evil doers, much more good would be accomplished. Mr. Hardin is a man of exceptionally fine qualifications, and one of the clearest-hearted gentlemen in the state.

A Big, Old-Time Fair.

The Knights of Pythias of Nicholasville, are making extensive preparations for the big fair to be held in that city August 30, 31 and September 1. The premiums are liberal, and enough stock has been entered to insure of one of the best fairs in the state. The Nicholasville people know how to entertain and you are sure to have the time of your life if you attend the big fair.

Will Be Here Friday.

We call attention to the advertisement in this issue of Murray & McAdams. Dr. Murray is a graduate of the leading schools in America, and understands every detail of his work, so the people of Garrard will have the opportunity of getting the services of one of the best eye specialists in the United States. He will be here tomorrow (Friday) and return every week. He is recommended by some of Lancaster's leading citizens (see their testimonials in the ad) and you take no risk in seeing him. On the other hand, you will make a great mistake if you fail to take advantage of having your eyes tested and examined by a man who has received the benefit of many years' study and practice. His office will be in the Fox Studio building for the present.

Mr. Gilbert Speaks.

Congressman Gilbert was here Monday and was given a warm reception by his many friends of Garrard. He has always had many warm supporters in this county, his earnest, honorable and faithful record winning friends who are for him through thick and thin. Now that Hon. Harry Helm is out of the race, a very large number of citizens flock to Mr. Gilbert, the only reason they were not for him at first being the fact that Mr. Helm was their older friend. Mr. Gilbert is just such a man as should be sent to Congress. He is a gentleman in every sense of the word, a Christian and a friend who will go his length for what he believes to be right. He never runs off on mouse tracks, but can always be depended upon to do the right thing at the right time. If Congress was made up entirely of such men, the people would get legislation that amounted to something. Mr. Gilbert is sanguine of receiving the nomination at the approaching primary.

Is Needed in Lancaster.

Next Sunday Dr. Pearce's second year as pastor of the local Methodist church comes to a close, and we regret very much to say that he will more than likely be sent to another field. During his stay in Lancaster, he has accomplished much good, not only by his regular Sunday sermons, but in many other ways. He puts his religion into practice every day, and not a day passes but that he, in his loving, friendly manner, does something to help his fellow man. Dr. Pearce is never too busy to speak a word of cheer, or put in a word of comfort to those about him, and when we see so many men who occupy front seats in the synagogue on Sunday and act the heat then through the week, the contrast furnished by Dr. Pearce is refreshing indeed. When church members, more especially those who make such a harrah on Sunday, will emulate the noble example set by Dr. Pearce, they will induce more of those out in the world to come into the church.

Notice to Taxpayers.

I am now ready to collect taxes, and you will save money by calling and settling before the penalty is added, which will be done in a few days. Please call and settle at once.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as
Second-Class Mail Matter.

Lancaster, Ky., August 26, 1904.

Broker Sully, once the "king of cotton," is now reported to be in a serious condition from nervous prostration following the terrible strain of his long fight in the cotton market. Men who go "the pace that kills" are far from being included in the list of those who indulge in the common vices, who are drunken and dissolute and defiant of all moral laws. Men who strain every nerve to gain wealth and to gain it in little time are taking the same pace; men in any class who give all their energies to the accumulation of money or to the furthering of any personal ambition are traveling at the same dangerous rate. Without entering into the question of the rightness of Broker Sully's undertaking or questioning his belief in the propriety of it, the fact remains that he gave to his venture a concentration of purpose and energy that exhausted in a few months physical forces that properly nurtured would have served him for years. His case is important only as illustrating an evil that exists everywhere. Men do not save themselves but, reckless of health and life, devote themselves to their special calling or enterprise in a way that saps vitality beyond recovery. The pressure and rush of modern existence can be resisted; men can work with moderation and accomplish more than when feverish haste is the rule. They do not spare themselves, and the results are seen in the innumerable cases of death from heart failure, the cases as numerous of nervous prostration, the many instances of paresis in the host of men not yet old who are physical wrecks. When will the pace moderate and men learn wisdom?

Life for the reading public has been made pretty hard this year through the necessity that has devolved upon it of trying to follow the eastern war news through the maze of Russian and Japanese geographical and personal names. The British "mission" in Tibet has added nothing to its comfort in this respect, and now comes the Armenian troubles with such names to remember as "Ouchkilissa," "Koomlouboujak," "Gougan," "Karabzar," "Mossunzory," and "Goutchugh." Everything considered, the news of the day may be regarded as rocky.

A West Virginia minister preached from a high rock through a megaphone last Sunday. By this method he broke up many regular Sunday morning naps in his congregation.

Puts An End To It All.

A grievous wall oftentimes comes as a result of unbearable pain from over taxed organs. Dizziness, Backache, Liver complaint and Constipation. But thanks to Dr King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by McRoberts Drug Store. 1m

Hundreds of cattle are reported to be dying in Southern New Mexico on account of the prolonged drouth and consequent shortage of feed. Unless rains come in a short time the loss of live stock in that section will be enormous. Water-holes are scarce and cattlemen are keeping up a bitter struggle for possession.

Cholera Infantum.

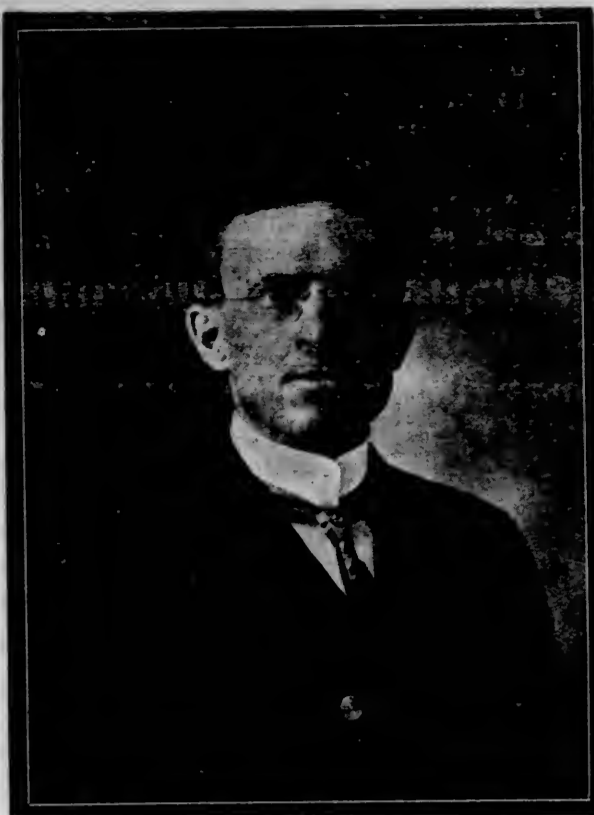

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by Frisbie's Drug Store. 1m

First-Class Rooms at St. Louis.

The question of rooms at St. Louis has been giving prospective visitors much concern, but The Record can direct you to a most delightful place. We refer to No 4350 Maryland Ave., a large boarding house run by Mrs. W C Lindsay, and in which Mr Geo L Garrett, traveling passenger agent for the Henderson Route, is interested. It is situated on the principal street car line running to main entrance of Fair grounds and also convenient to business portion of the city. There are three boarding houses and two leading cafes within a stone's throw, where first class meals can be obtained. The best way to see the Fair is to engage rooms, then take meals wherever you happen to be. This saves time and money. Write Geo L Garrett, T P A Henderson Route, Louisville, for further particulars. 1f.

ANNOUNCEMENT

Dr Hugh Murray, of Danville, Ky., will be in Lancaster, Ky., every other Friday beginning FRIDAY AUG UST 19th., for the purpose of practicing.

OPHTHALMOLOGY.

(A science of the analysis of the causes of human ills and how to abolish them without medicine, or operation.)

Its a conceded fact that defective eyes often cause suffering far remote from them, which will be exhibited by some nervous reflex trouble, such as Headache, Indigestion, Stomach and Heart trouble Dizzy spells, Sleeplessness, St Vitus dance Nervous prostration, Female trouble Epileptic fits, etc., which are the results of nerve depletion caused by

DEFECTIVE EYES.

The eye being the only organ in the body which can overcome its own defect, but by so doing would demand more than its share of the daily NERVE SUPPLY thus reducing the amount of nerve force which should go to the Heart, Lungs, Stomach, etc., to cause them to perform their function properly.

We make a thorough examination of the eyes and through them of the entire nervous system. Remove the cause of your trouble and Nature Does The Curing.

A vast majority of so called diseases is nothing more than functional derangements and needs medicine no more than the Earth's axis needs grease.

We use no medicine, take no chances of doing harm, and we always do good. We permanently straighten CROSS FYES with out Knife, Medicine or Operation.

Results count and we append a few of our many testimonials from satisfied patients.

The glasses you fitted for me two years ago have given perfect satisfaction.

Mr Henry Sandifer, Boyle National Bank, Danville, Ky.

Dr E H Murray, Dear Sir:—I take pleasure in stating, for the benefit of those to whom it may concern, that about two years ago you examined my eyes and renewed my glasses, both for seeing and reading. They have been entirely satisfactory, and I do not believe any one could have done better work. Wishing you the same success with others, I remain, J B Fisher, Mayor. Danville, Ky.

The glasses you made for my wife, my-self and other members of my family all have given perfect satisfaction and I am pleased to commend him as being competent in his chosen profession. Rev J O A Vaught. Danville, Ky.

For fifteen years I suffered a great deal with my eyes. I could not see sufficiently well at night to do my work successfully. The glasses you furnished me have given entire satisfaction and I do not hesitate to say that since I have been using them I have been able to see perfectly for the first time in fifteen years. I feel exactly like I had new eyes. Fred Hartman, Lawrenceburg, Ky.

I have been relieved of the pains in my head and eyes and see with perfect comfort with the glasses that you made for me. Mrs E F Dunn. Milledgeville, Ky.

The glasses you made for my wife, my-self and niece have given perfect satisfaction, and gladly recommend him to those who suffer with eye defects. J J Walker. Lancaster, Ky.

WHEAT CONTEST.

Rules governing entries in contest for \$75.00 for best 10 acres of wheat raised with Ox Fertilizers bought of K. F. POSTLE.

- 1 The 10 acres shall lie together in piece and no allowance shall be made for any bare spots which may occur in same: the wheat submitted must be that raised on this 10 acre piece of ground exclusively. In case of challenge, measurements are subject to investigation. This shall determine quantity.
- 2 Each contestant shall put on exhibit at Postle's store 1 1/2 bushels of wheat taken at random from the yield of the 10 acres: such exhibits shall become the property of K. F. Postle. From this sample competent judges shall pass on the quality of wheat.
- 3 Statements of quantity and exhibit for quality may be submitted at any time before September 1st, next. All statements as to quantity shall be filed and kept secret until September 1st, next, when same shall be made public and decisions rendered.

For further information inquire.

Taken with Cramps.

Wm Kirsase, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy and he thought it would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr Gifford's medicine.—Elkader, Iowa Argus. This remedy never fails. Keep it in your home, it may save life. For sale by Frisbie's Drug Store. 1m

End of Beter Night.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes, of Du Pont, Ga. "and gave me up. Every body thought my time had come. As a last resort I tried Dr King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by McRoberts' Drug Store. Price 50c and \$1. Trial bottle free. 1m

WHAT IS INSIDE
Of the World's Fair, and how to see it at the least expense.
The Henderson Route has gotten up and is now offering for free distribution a very complete and valuable booklet descriptive of what is inside and what is outside of the World's Fair, and how to see it at the least expense.
The booklet contains information of such value, that all prospective visitors to St. Louis should have a copy.
How to reach the Fair Grounds upon arrival in St. Louis, how to get around the grounds to the best advantage, the most economical plan for touring the Exposition, things of importance to see in St. Louis, together with many other valuable pointers regarding a trip of this nature, are only some of the many points covered in this complete booklet.
It is something you should have before planning your World's Fair trip and can be obtained by addressing Mr L. J. Irwin, General Passenger Agent, Henderson Route, Louisville, Ky. 1m

It takes more than a coat of paint to cover a woman's age successfully.

In Brown county, Texas, doves are so numerous that the farmers have invited sportsmen to the country to kill them in order to save their wheat. The doves are said to come into wheat fields by thousands, and in some instances whole fields of wheat have been destroyed. Thousands of doves have been killed and yet it is said they cannot be missed.

The Rock Island-Frisco System will have very low round trip tickets to California, Aug 15 to Sept 9, good returning until Oct 23rd. Also low one-way colonist rates to California and the North west Sept 15 to Oct 15. J. E. Stormes will tell you all about it, see him. 1f

Resolutions.

Your committee on resolutions desire to offer the following to the earnest and careful consideration of this intelligent body of teachers assembled here from Boyle and Garrard counties in joint institute:
Resolved, That we are very grateful to the Superintendents of the two counties, above mentioned, for their kind considerations, cheerful words and hearty good will for each member of the institute; but more than all are we their debtors for making it possible to have this joint institute.
Second, we extend our thanks to the good people of Lancaster for their generous hospitality in opening their hearts and homes in extending to us the glad hand of welcome.
Our thanks are also due to many worthy people whose names we have not mentioned, but in as much as they have contributed to make this institute a success, they will not be forgotten.

Resolved, That Garrard and Boyle counties meet in joint at Junction City in 1905, and also that we cordially invite Lincoln county to join us there. In unity there is strength.
Resolved, That this has been a most interesting a most beneficial institute and that its success depended largely upon the excellent services of R. N. Roark, Dean Normal Department, State College, Lexington. In securing the services of Dr. Roark we know we have been unusually fortunate. We believe he possesses every attribute of a great teacher. We most heartily recommend that his services be secured as conduct or for joint institute of 1905.

Resolved, That we seek legislation from the next General Assembly which establish a scholarship in each county, where there is a high school, a graded school or a college in which there shall be established any such school for each pupil of the public schools, who receives a common school diploma. If any county has other schools of high order, then the privilege of bestowing scholarships shall be vested in the graded school alone. If there be any county or counties that do not have nor do not establish any school of high order then pupils residing in such counties shall be given a scholarship in some other county upon graduation from the public schools.

Resolved, That the teachers of Garrard and Boyle counties condemn the action of the last General Assembly in extending the school term to six months with such a small increase in salary and in not repealing the law that compels teachers to lose institute week. Resolved, also, that such legislation as will remedy this evil be enacted.

Resolved, That we seek legislation from the next General Assembly which shall establish one or more high grade state training schools, well housed and well equipped for adequately preparing teachers for all grades of schools and for any position from the rural schools to a city superintendency. Be it further,

Resolved, That we pledge ourselves to exert our influence through institutes, associations and individual effort to secure such legislation from the next General Assembly.

Resolved, That we as teachers, pledge ourselves to attempt by every means possible to secure a vote on the question of local taxation as provided in section 95 of our school laws. The purpose of this section of the law is to provide for the extension of the school term.

Resolved, That a committee of three be selected by this Institute from each of the counties of Boyle and Garrard. The purpose of this committee shall be to arrange for instructors and work to be done at the next yearly meeting.
Further, be it resolved, that a copy of these resolutions be handed to each of the local county papers of Boyle and Garrard for publication.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not have gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after three doses of it was entirely cured. I consider it the best medicine in the world for bowel complaint. For sale by Frisbie's Drug Store. 1m

Graded School Opening.
Lancaster Graded Schools will open September 5, 1904, with a full corps of excellent teachers. It is very important that parents send their children on the first day in order that prompt classification of scholars can be made. It is due the children that they start right. The loss of a single day may cause children to drag for a whole season. Pay patrons must make arrangements to pay in advance the following tuition:
1st, 2nd and 3rd Grade \$ 9.00
4th, 5th and 6th Grade 12.00
7th to 12th Grade 15.00
Children must present their receipt after being graded. We want a full opening and it is the earnest desire of the trustees that this may be the best year in the history of the Schools. Pay patrons must call upon E. W. Harris after their children have been graded and pay tuition in advance.
Wm Herndon, Ch'm. 8-19.

STARVATION.

We shudder at the word starvation. It calls up in our minds a picture of some gaunt, famished man, who, in a land of plenty, perishes for lack of a crust. Such cases are rare. The common case of starvation is that of man or woman who eats but is not nourished; whose flesh wastes in spite of plenty of wholesome food. Loss of flesh is one of the sure indications of serious disease. It means a gradual starvation, not from lack of food, but because the stomach and other organs of digestion and nutrition being diseased cannot digest and assimilate the food received.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, so that lost flesh is restored and lost strength is regained.

"I was weak, nervous and dizzy, with a faint sensation when walking," writes Mr. Jesse Childress, of Samuel, Sullivan Co., Tenn. "Could not walk any distance; always felt bad after eating; always uneasiness in stomach. Was taken down in January, 1893. Doctored with two or three physicians but they did not relieve me any. I grew worse and used everything I could think of; was nearly ready to give up and then some one told me that Dr. Pierce's medicine was good, so I began taking his 'Golden Medical Discovery.' I have taken seven bottles of that now and am as stout as ever, and enjoying health as much as ever before. My case was nervous dyspepsia and liver disease of which your medicine has cured me. In September, 1893 my weight was about ninety-five pounds, now it is one hundred and ninety-five."

Dr. Pierce's Pellets should be used with "Golden Medical Discovery" whenever the need of a laxative is indicated.

Premium Cabbage.

Mr R H Batson brought us the premium cabbage shown at the Brohead fair last week, and it was greatly admired by all who saw it, and greater enjoyed by the editor, who helped to devour it. It weighed over eight pounds, was as sound as a dollar and absolutely perfect in formation. It was raised by Mr J E Woodyard, formerly of Garrard, but who has been living in the Brohead section since 1850. Mr Batson tells The Record the fair was unusually successful, both in attendance and exhibits.

A Successful Enterprise.

Judge M. D. Hughes, who is conducting the "Candidates Mirror" in The Record, has had his plan copyrighted and will make a tour of the state, giving the write-ups in all leading towns. It is the best and most dignified way a candidate can get his claims before the people, as voters read the articles at their leisure and when not bothered by business matters. Several more in Garrard will appear.

Here's the Boss Bean.

Our good friend, "O" Terrill, of Paint Lick, passed through this city Sunday, en route to see his (or some other fellow's) girl, and left us a bean which measures exactly 36 inches in length. It is perfectly formed, sound as a dollar, and looks as if it would have grown several inches longer if given a chance. It was grown by Mr Champ Shumate, of Paint Lick, whose skill as a gardener is well known in Kentucky.

Nature's Own Remedy.

It is the one thing that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectively are DeWitt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by R E McRoberts.

The unusual way in which R. E. McRoberts one of Lancaster's most reliable druggists, sells Mi-o-na, emphasizes the fact that this remedy possesses unusual merits. The guarantee that they give with every package is plain and positive "If Mi-o-na does not cure you of dyspepsia, we will return your money."

—Mi-o-na contains remedies that soothe and heal the inflamed lining the stomach. It helps digestion and thus relieves the digestive system of work and strain. It gives pure, rich blood and strengthens the nerves, so that the whole system is built up and vitalized while the dyspepsia is being cured.

A Summer Cold.

A summer cold is not only annoying but if not only relieved, Pneumonia will probably be the result by Fall. One Minute Cough Cure clears the phlegm, draws out the inflammation, heals, soothes and strengthens the lungs and bronchial tubes. One Minute Cough Cure is an ideal remedy for the children. It is pleasant to the taste and perfectly harmless. A certain cure for Croup, Cough and Cold Sold by R E McRoberts.

Not A Patent Medicine.

Hymel, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hymel with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hymel gives its formula to all reputable physicians. It is not foolish to try and cure catarrh by swallowing tablets or liquids?

The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hymel.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hymel is now sold by R. E. McRoberts under an absolute guarantee to refund the money if it does not cure.

You run no risk whatever in buying Hymel. If it did not possess unusual powers to cure, it could not be sold upon this plan.

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle, Pa., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am eternally cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
